**The 15th Annual Trade and Investment Convention**, hosted by the Trinidad and Tobago Manufacturers' Association, will take place from **July 2 – 5, 2014 at the Centre of Excellence, Macoya, Trinidad and Tobago**. The theme of this year's convention is "Creating Opportunities, Driving Growth!" and will focus on this country's innovative and robust manufacturing sector.

TIC is the largest tradeshow of its kind in the Caribbean region, and brings together hundreds of manufacturers, service providers, buyers, distributors, financial institutions, investors, and regulatory agencies responsible for trade. It is one of the most influential business-to-business events in the region, and focuses on business networking and trade. The convention takes the form of a tradeshow, and provides business to business matchmaking, business education programmes and multiple networking events.

The four (4) days of TIC facilitates trade among the business community, which allows exhibitors and buyers to focus on business to business (B2B) transactions.
